Subject: Invitation: Urban-LEDS Outlook event 13th October 2015, Durban

Dear Sir,

As you know well, the [Urban-LEDS](#) project, funded by the European Commission, and implemented by ICLEI – Local Governments for Sustainability – Africa, in partnership with UN-Habitat, has the objective of enhancing the transition to low emission urban development in emerging economy countries.

After almost three years of exciting project activities, the Urban-LEDS team is organising an outlook event that brings project municipalities and national partners together. The objective of the meeting is twofold:

1. To discuss and examine the various achievements and lessons learnt from the Urban-LEDS project
2. To pave the way forward in supporting municipalities to transition towards low emissions development
3. To identify concrete project ideas and opportunities for funding to be taken forward in future iterations of Urban-LEDS and other national projects by ICLEI – Africa and our partners

For latest updates on continued project implementation – in particular the community showcase implementation projects in each of the participating 7 municipalities which are being implemented at the moment, please visit @urban_leds on twitter, and www.iclei.org/africa

Date: October 13th, 2015
Venue: Greyville center, Durban
Time: 10.00 – 15.00

Please RSVP your attendance to urban-leds-southafrica@iclei.org by 23rd September.

Sincerely yours,

Adi Kumar
Manager: Urban Sustainability

ICLEI's mission is to build and serve a worldwide movement of local governments to achieve tangible improvements in global sustainability with special focus on environmental conditions through cumulative local actions.
