

# Participant Tools in a Saba Webinar

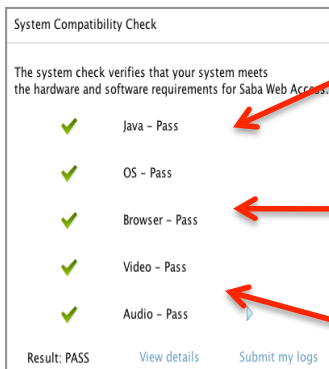

A QUICK GUIDE FOR PARTICIPANTS IN A SABA MEETING WEBINAR

## ENTERING THE WEBINAR ROOM

### Step One: System Check

To enter the webinar, you must verify that your system meets the Saba requirements:

1. Click on the **webinar link** and then on **“Run System Check”** (see image below).
2. Correct any **“red X’s”** you might have.

Ensure Java is installed; if not visit [java.com/getjava](http://java.com/getjava)

Use the following browsers:  
- Internet Explorer (Windows)  
- Firefox (Windows 8); or  
- Safari (or Mac)

Verify that your headset & webcam are functioning.

### Step Two: Entering your details

If you have passed the system check, enter your details below and click **“Join Webinar.”**

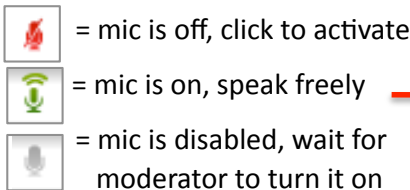

This is the name that the other attendees will see.

## USING SABA MEETING TOOLS

How to participate in the webinar

### Check audio and mic settings

1. Check your audio settings here:
2. Click on the mic next to your name to change your mic settings:

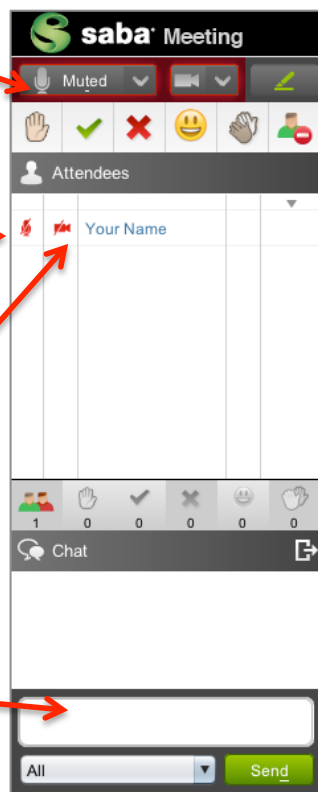

### Turn on your webcam

1. Click  to activate your webcam or wait for the moderator to turn it on.
2. Check your webcam functions by clicking on this icon: 

### Send a message

1. Write a message in the chat box.
2. Select **“All”** or a participant’s name to specify recipient(s).
